Elowen Hart & Tobias Vale

Elowen Hart · born 14 June 1993 · Sun in Gemini, Air, Mutable

Tobias Vale · born 2 October 1991 · Sun in Libra, Air, Cardinal

Gemini and Libra are both air signs, and air is the element of conversation. Elowen's Gemini Sun is quick, curious and fond of variety; Tobias's Libra Sun looks for balance, grace and fairness. What they share first is a pleasure in ideas, and in talking them through until they shine.

Gemini is a mutable sign and Libra a cardinal one, so one tends to adapt while the other likes to set the tone. In a good week this reads as a natural rhythm: Tobias suggests the plan, and Elowen finds three better routes to it.

Mercury rules Gemini and Venus rules Libra. In the old symbolism these are the planets of words and of affection, which makes this a pairing that often says what it feels, and feels what it says.

For reflection: which conversation have you been meaning to have together, and where would you most like to have it?
