Biscuit

Biscuit, a beagle · adopted 21 August 2024 · Sun in Leo, Fire, Fixed

Biscuit came home under the Sun in Leo, the sign of the lion, ruled in the old tradition by the Sun itself. Leo is the sign most often linked with warmth, loyalty and a certain love of being admired, which anyone who has met a beagle at dinner time will recognise.

Fire signs are said to bring energy and enthusiasm, and Leo, being a fixed sign, is famously steady once its heart is set on something: a favourite spot on the sofa, perhaps, or a particular walk at a particular hour.

Written for fun, as a keepsake of the day Biscuit joined the family.
